

## Sidewalk Replacement Cost Share Program

### Participating Contractor List & Pricing Information

- The City of Lebanon will pay for 100% of the concrete (4,000psi mix), when needed the Truncated Dome Pads at corner lots with curb ramps for street crossing, and any fill material (pea gravel) needed to adjust the grade of the sidewalk.
- Property Owners are required to use one of the approved contractors. Property Owner are responsible for paying the labor rate for tear out and replacement of sidewalks and/or curb ramps. Property Owners are responsible for paying the contractor directly. Property Owners are free to choose a preferred contractor from the Participating Contractor List. Labor rates include removal of all old concrete, installation and finishing of new concrete: broom finish, relief joints tooled every 4 feet, back-filled and lightly seeded, and expansion joint at butted joints. Curb Ramps will include standard plastic ADA truncated dome tile with a timed finish on slope of ramp. The rates for labor are as follows:
  - 1 Parcel: \$4.75 per square foot
  - 2 Contiguous Parcels(\*\*): \$4.50 per square foot
  - 3+ Contiguous Parcels(\*\*): \$4.25 per square foot
  - Curb Ramp: \$300 per ramp

\*\*Labor price decreases if contiguous property owners take advantage of the program at the same time. Prices are able to drop because contractor only has to mobilize once and can offer a discounted rate for additional square footage in the same area.

\*\*It is highly recommended to contact neighbors to gauge their interest in the program.

**Program is first come first serve and is available to any property owner inside city limits with existing sidewalk until such time the money allocated is at a zero balance.**

### Participating Contractors:

|                                       |                |
|---------------------------------------|----------------|
| Wilson Concrete, Joe Wilson:          | (765) 482-0308 |
| Crahen Construction, Jeremy Crahen:   | (716) 712-6699 |
| McPeak Construction, Pat McPeak:      | (765) 894-6137 |
